PROFESSIONAL SUMMARY

Full Stack Web Developer with over 5 years of experience building scalable and maintainable web applications using modern JavaScript frameworks including React.js, Vue.js, Next.js, Nuxt.js, and Laravel. Skilled in full-cycle development, API integrations, DevOps workflows, and cloud technologies (Genesys Cloud, AWS). Passionate about creating high-performing, user-focused applications. Committed to continuous learning and contributing to dynamic, cross-functional teams.

TECHNICAL SKILLS

- Languages & Frameworks: JavaScript, PHP, React.js, Vue.js, Next.js, Nuxt.js, Node.js, Laravel

- Styling & UI Libraries: Tailwind CSS, Material UI, Vuetify, SCSS

- State Management: Redux Toolkit, Pinia, Context API

- Databases: MySQL, MongoDB

- Tools & Platforms: Git, AWS, Genesys Cloud, Zendesk API

- Others: RESTful APIs, DevOps (CI/CD), HTML5, CSS3, Shopify (Liquid)

WORK EXPERIENCE

Full Stack Web Developer

Reloved UAE -- July 2024 - Present

- Built full-featured e-commerce web applications using React.js, Next.js, Vue.js, Nuxt.js, and Material UI.

- Developed robust backend functionality and RESTful APIs using Laravel and PHP.

- Integrated cloud-based solutions like Genesys Cloud for customer support

and communication features.

- Implemented DevOps workflows and Git version control for efficient collaboration.

- Developed reusable components with responsive design practices using Tailwind CSS.

- Performed data scrubbing to maintain data accuracy across listings and user inputs.

Full Stack Web Developer

MNET/GCM3 Inc. -- April 2022 - May 2024

- Designed and deployed internal tools using Vue.js, Nuxt.js, Vuetify, and Node.js.

- Used Pinia for state management and integrated real-time features with Genesys Cloud.

- Built secure backend APIs and connected them to scalable MySQL databases.

- Supported agile development through GitLab CI/CD and peer code reviews.

- Handled data scrubbing operations to ensure clean and consistent data for reporting

and analytics.

Design Engineer

Tsukiden Global Solutions Inc. -- Sept 2021 - April 2022

- Built customer support dashboards using React.js and Zendesk API.

- Developed internal tools for automating presentation generation and team communication.

- Delivered reports to stakeholders and participated in sprint planning.

Freelance Shopify Developer

Mclaud Technology -- June 2021 - Sept 2021

- Customized Shopify themes using Liquid, HTML/CSS, and JavaScript.

- Maintained responsive product and content pages to align with client branding.

Branch Manager / Photographer

Truesight Photography -- April 2017 - May 2021

- Led a team and managed daily operations and sales at a photography studio.

- Generated monthly financial reports and improved store revenue.

EDUCATION

Bachelor of Science in Information Technology

Palawan Technological College Inc. | 2012 - 2016
